

DCS Industry award

The 2018 DCS Industry Award is awarded to:

PANDUIT™

infrastructure for a connected world

For more than 60 years, Panduit have contributed to some of the industry's most significant breakthroughs in industrial automation, IP networking, data centre power and cooling, Ethernet standards, and operational stress-testing.

Panduit was founded in 1955, employs over 5,000+ infrastructure experts globally, has customers in 112 countries and is 100% privately owned. We are pleased to announce that PANDUIT win this year's DCS Industry award.
